

# Skit Project

## **Description:**

In a group of 4-6 students, you will write, stage, and memorize your own version of a fairy tale. You can create a skit that stays true to the original story, or you can create your own modern version or fractured fairy tale version of the original story.

## **Requirements:**

Your skit should be about 5 minutes long. You may use costumes and other props in your skit, but you are not required to have costumes or props. Each member of your group should have a speaking role. Group members may play more than one role in the skit.

## **Production Advice:**

You should thoroughly plan each scene in your skit before you write your dialogue. After you have written your dialogue, you will need to get it approved by your teacher before you start staging your skit. Print out a copy of your dialogue for each member of the group so that you can memorize your part at home. Always remember that your highest priority in this process is German language production. You want to have good acting and an entertaining skit, but your highest priority is always German language production.

## **Deutscher Tag:**

You will have the opportunity to perform your skit in front of other students at the *Deutscher Tag* on October 9<sup>th</sup>. Produce a high quality product that you and your group will be proud to share. You can also look forward to seeing the projects completed by students at other schools.
